

The image features a still life composition against a dark, dense botanical wallpaper. The wallpaper is covered in various green leaves and ferns, some with small white flowers. In the foreground, a dark wooden table holds several items: a large, light-colored ceramic vase on a dark rectangular base, a small white ceramic pot with a green succulent, a white ceramic cup, and a wooden pencil. The 'living walls' logo is positioned at the top center, with 'living' in white on a black background and 'walls' in white on a red background.
